MEMBERSHIP CATEGORIES

Membership dues include journal subscription. Members receive 24 issues of the *Journal of Biomedical Materials Research* (including eight issues of *Applied Biomaterials*) and four issues of the *Biomaterials Forum*. Members receive discounts on all other Society publications and can subscribe to *The Journal of Biomaterials Science – Polymer Edition*, *Biomaterials*, and *Acta Biomaterialia* at reduced rates. Members can attend annual meetings, special symposia, workshops, and short courses at reduced registration fees. Members can also participate in Special Interest Groups, sharing in topical networking and educational programming opportunities.

Active Membership

Any person, regardless of citizenship or location within or outside the United States, who has demonstrated a significant interest or contribution in the field of biomaterials via one of the following criteria, shall be eligible to be an Active Member. **Only Active Members may vote at Business Meetings.**

Eligibility Criteria (applicants **must** demonstrate at least **ONE** of the following):

- Attendance at two Society For Biomaterials Annual Meetings (past five years) (Years attended: _____)
- Publication in the Society For Biomaterials *Transactions* (past five years) (Volumes and Page #: _____)
- Publication of two papers in biomaterials science in referred journals (Volumes and Page #: _____)
- Patents obtained in the area of biomaterials (attach documentation)
- For individual/government applicants unable to demonstrate one of the previous four criteria, you may submit a letter from an active member identifying specific contributions, interests, responsibilities, and research areas related to biomaterials.

Associate Membership

Any person interested in the field of biomaterials who does not qualify for Active Membership because of not yet demonstrating a significant interest or contribution to the field of biomaterials shall be eligible for Associate Membership. **Associate Members cannot vote at Business Meetings.**

Associate Post Graduate Membership

Available to those who have graduated within the last two years.

PLEASE COMPLETE ALL 3 PAGES OF THE APPLICATION

Student Membership*

Full-time, degree seeking students (post doctorals, residents, and fellows do not qualify) shall be eligible for Student Associative Membership. Status must be verified by an academic official (advisor, department chair, etc) who assumes liability if the individual is not a student. No other verification method (student identification card, tuition statement) will be considered. Student status verification must accompany application. **Students must provide expected date of graduation.** Student Associate Members cannot vote at Business Meetings. Student Associate Members can waive their benefit of reduced-cost subscriptions to the Journal and can join Special Interest Groups at no charge.

*Student Status Verification

If you are applying for a student membership, you must provide a letter from your Department Head or the Chair of your Graduate Program (on school letterhead containing their contact information) with your expected graduation date.

Want to join or start a Student Chapter? Check here!

Special Interest Groups (Optional)

Each Special Interest Group is \$10 per year (free for Student Members)

- Biomaterials Availability & Policy
- Biomaterials Cell/Organ Therapies
- Biomaterials Education
- Cardiovascular Biomaterials
- Dental/Craniofacial Biomaterials
- Drug Delivery
- Implant Pathology
- Nanomaterials
- Ophthalmic Biomaterials
- Orthopedic Biomaterials
- Protein & Cells at Interfaces
- Surface Characterization & Modifications
- Tissue Engineering

Volunteering (Optional)

Please indicate if you would like to serve in a volunteer capacity on any of the committees listed below:

- Bylaws Committee
- Devices and Materials Committee
- Education & Professional Development Committee
- Finance Committee
- Liaison Committee
- Long Range Planning Committee
- Meetings Committee
- Program Committee
- Publications Committee

C. William Hall Scholarship (Optional)

The C. William Hall Scholarship honors the memory of the Society's first president C. William Hall. Scholarship will be awarded to a junior or senior undergraduate pursuing a bachelor's degree in bioengineering or a related discipline. Please indicate the amount you wish to contribute.
